

# FIND A COURT AND PLAYTODAY!

POP Tennis is a shorter, quicker twist on tennis, with more venues and coaches offering it than ever. Browse our tennis venues offering POP Tennis and get in touch with your local club to find out what's on offer.

As an emerging sport and a new offering at many tennis clubs, booking systems are still being developed. To help you navigate this process, we've outlined a few simple steps to connect with your local club and start playing POP Tennis.

### HOW TO BOOK

POP Tennis can be played indoor or outdoor and on any surface, making it a sport that can be enjoyed almost anywhere. All you need is some temporary lines, a net, a POP racquet and away you go! The rules and skills are almost identical to tennis, attracting players of all ages to pick up a racquet and experience the fun of POP Tennis.

With its rising popularity, more venues across the country are introducing POP Tennis sessions, making the sport accessible to communities nationwide.

#### FIND A POP TENNIS VENUE NEAR YOU

Begin by identifying a nearby venue that offers POP Tennis, using this document

#### **CONTACT THE CLUB**

Since digital booking systems may not yet be fully implemented at all venues, the best way to confirm availability is to contact the club directly. Most clubs provide their contact details on their website or social media pages. When reaching out to the club, make sure you enquire about court availability, equipment rental options (if needed), opportunities for coaching or group sessions.

#### **STAY UPDATED**

As POP Tennis gains momentum in Australia, there will likely be more clubs offering POP Tennis and clubs are continually updating their facilities and systems. Keep an eye on your local venue's website or social media channels for updates on court availability, new programs, or changes to their booking processes.
